

# ADVENT ADVENTURES

The *Advent Adventures* is a 36-page colorful, ready-to-print magazine packed with Christmas-themed mazes, puzzles, comic-style story and many fun activities.

There's even a board game in there!

For best results follow these printing instructions:

- **Make sure** your copier can print on Ledger/tabloid size paper (11" x 17")
- **Make sure** your copier can also fold booklets and staple them in the middle.

If you don't have a copier like that, you have three options:

- Copy **Advent Adventures - 11x17.pdf** file to a jump drive and take it to the nearest printer (UPS store, OfficeMax, Staples, etc.) It will be pricey though.
- Print **Advent Adventures - 8.5x11.pdf** instead, and staple in the left top corner. The end result won't look like a booklet and won't be as fun to work with, but it will save you money.
- Order already printed *Advent Adventures* guides [here](#). They will ship the same or the next day. This option will save you both time and money.
